**Congratulations:** In church on Sunday morning, December 26, Natalie Beatrice Buick confirmed her infant baptism by confessing her adult faith in the Lord, with the congregation as witnesses. "The Lord does not compel man to receive what flows in from Himself; but leads in freedom, and so far as man allows, through freedom leads to good" (AC 6472). May confidence in the Lord ever give Natalie peace.

**Can You Help with Perhaps Getting Access to High-Speed Internet in Kempton?** As many of us know, Kempton appears as a black hole on the map that shows where high-speed internet **can be accessed** in Berks County. (To be clear: DSL is NOT high speed; only Blue Ridge Cable can provide high speed.) The county has hired a firm to do some research so it can apply for funds for this from the Infrastructure bill and some other programs. They need data, however, on who **has access** (whether they chose to avail themselves of it or not) **and who does not**. To participate in a survey the county is putting out later this month, please e-mail Justin Loose at [jloose@countyofberks.com](mailto:jloose@countyofberks.com), particularly if you want to say that you have no access and want to participate in the survey. Thanks – a Hopeful Albany Township Resident
