There are a large number of items at Old School Village left over from the conversion from a school.

There are several large storage cabinets and large drawer cases (for your garage, barn, or basement). There are also disenfranchised solid, three-quarter inch, smooth-surface commercial cabinet doors of various sizes; thick slabs of slate; children's plastic hockey sticks; two, two-wheeled volleyball-net stanchions; kerosene heater; many heavy-duty cabinet hinges; glass; counter tops; various metal items; an 8' whiteboard (metal); cool-looking school clocks (they are slaves and would need a time mechanism from a hobby store installed to be used individually); and more. Whatever is left goes to the burn pile, the scrap yard, or the landfill. Come check it out. Call or text Tom Kerr @ 484-436-1014 or tjkerr3@gmail.com
